Nakia Wolfe – President ATA – The ATA supports the Reimaging Committee changing the structure of secondary education. There are some items to negotiate and request meetings occur sooner than later. Dr. Fale responded that our Legal Counsel will get with their legal representative.

Ms. Fernandez spoke of the urgent need for crossing guards as her son was hit by a car because there is no crossing guard at Dixon Avenue and Rte 110. She also spoke of the increase of fights and her son is a target and there are no repercussions when these incidents are reported. A child made a threat to bring a gun to school and not action and informing parents occurred. The district responded that the district has no authority to assign crossing guards and the Town and Village are having difficulty hiring people. Mr. Leon said we have to do something starting with writing to our constituents for a study of the traffic flow at the school. The school building itself is hidden.

Ms. Hernandez spoke her child is also bullied and she wrote a letter with no response. Her child is good at Math but the state test not a level where the child is, poor alignment with state test and curriculum.
